The same day, Wednesday, will mark the opening of Hotel Grossman, a new hotel built by Mr. I. Grossman, formerly of the Monmouth-in-the-Pines. The house is one of the finest and largest in the resort, and is located next to the new Hotel Elisberg, which opened for the season about ten days ago. Mr. Frank Shute, formerly manager of the Laurel-in-the-Pines, is operating the Laurel House, where there is already a large gathering, mostly of the old vanguard which has been coming to Lakewood for many years.

News of interest to the many golfers who frequent the resort is that the Lakewood Country Club, which has one of the best courses in the country, has this fall adopted a somewhat less conservative policy than that which it has held in the past, so that the links may be used by a far greater number of winter visitors than have heretofore had privileges at this club.

Several of the owners of the large country estates are making their appearance, and the great majority of the cottages and villas have been rented. Mr. and Mrs. George Gould, who are abroad, will not return to Georgian Court this winter, but the estate is open, and already tenanted by other members of the Gould family.

The temperature is soft and paimy and there is just enough snap in the air to make it enjoyable. Pine bordered roads and bridle paths, and deep reaching forest trails, all have their particular appeal. Golf, a pronounced feature, can be played the year through on the 18-hole course of the Lakewood Country Club. Horseback riding is always at its best. Quail, Rabbit and Duck hunting in season. Tennis, Boating, Ice : liesting, and later—a rest before huge open fireplaces in the hotel lounges.
